MONTREAT BULLETIN

Published Nine Times a Year—January, February, March, April, May, June, August, October and November, by the Mountain Retreat Association, Montreat, N. C.

Volume VI MAY, 1953 Number 5

Entered as Second-Class Matter, Feb. 21, 1948, at the Post Office at Montreat, N. C., under the Act of Congress, Aug. 24, 1912.

THE LEGAL TITLE OF THE INSTITUTION IS

"MONTREAT COLLEGE, INC."

THIS TITLE SHOULD BE USED WHEN YOU INCLUDE THE COLLEGE AS A BENEFICIARY IN YOUR WILL

FORM OF BEQUEST

Since each State has special statutory regulations in regard to wills, it is most important that all testamentary papers be signed, witnessed and executed according to the laws of the State in which the testator resides. In all cases, however, the legal name of the corporation must be accurately given, as in the following form:

"I give and bequeath_____to Montreat College, Incorporated, at Montreat, North Carolina, and to their successors and assigns forever, for the uses and purposes of said School, according to the provisions of its charter."

All legacies to Montreat College are exempt from Inheritance Tax. In some cases where large sums are involved, a legacy to Montreat College would bring the total Inheritance Tax into a lower bracket and would reduce Inheritance Tax as a whole. Montreat College urgently needs an Endowment, and money for Christian education cannot be spent to better advantage than for the benefit of this institution.

THE PURPOSE OF THE COLLEGE

Montreat's four year college is striving to attain the highest in Christian character and cultural development. It was founded as a part of the religious and educational program of the Mountain Retreat Association, which is a declaration of trust held for the Presbyterian Church in the United States. From the beginning the Bible has been in its curriculum, and the knowledge of its truths and duties has been a requirement for graduation. The College has always given prominence to religion. Montreat believes that one must be familiar with the great truths of the Bible; that life must be understood in its right relationship to Jesus Christ before one can be considered properly educated; that only a society dominated by Christian principles is worthy of claiming only the best loyalties of strong men and women; and that Christianity is the only force that will inspire and strengthen us to accomplish the highest in education and to achieve the best in life. Montreat would have every student coming under its influence to develop alert and well-disciplined minds, and to grow in the likeness of Him who is "the way, the truth and the life."

Montreat would announce three distinctive major policies: First, a program that is Bible centered, Christ centered, and Church centered with sound academic standards; second, a full social-recreational program; third, low expense rates to students.

The only officers and instructors appointed are to be those who give positive evidence that they have a sincere Christian faith expressed in Christ-like living and are actively related to some evangelical Church. The trustees and officers of Montreat realize that the strength of its Christian training and influence is determined most by the belief, character, purposes, ability, and activity of its faculty and other staff members. Hence, its faculty must be composed of men and women who are concerned with the moral and spiritual, as well as the intellectual, development of the student.

HISTORY OF THE COLLEGE

In the summer of 1913 the Mountain Retreat Association authorized the President to offer the use of the Montreat Grounds and buildings to the General Assembly of the Presbyterian Church, U.S., to be used during the winter season for school purposes.

In May, 1914, the General Assembly, meeting in Kansas City, Missouri, appointed a large committee to take under consideration the nature and character of the school to be established. Recommendation was made by this committee to the General Assembly in session in Newport News, Virginia, May, 1915, that the Mountain Retreat Association property could be used for a Normal School. The Assembly referred the establishment of the school to its several component Synods. The Synods of Appalachia, Georgia, Alabama, North Carolina, Tennessee and Virginia appointed Trustees for the purpose of opening the proposed schol.

These Trustees convened on May 2, 1916, in Montreat, North Carolina. Rev. R. F. Campbell, D.D., was elected Chairman of the Board; Rev. W. T. Thompson, Jr., Secretary; and Mr. T. S. Morrison, Treasurer.

In October, 1916, the school opened its first session with eight pupils. At this time the school was under the control of the Board of Trustees as appointed by the above-mentioned Synods. In 1931 (by unanimous vote of the Board of Trustees and of the Board of Directors of the Mountain Retreat Association) the charter of the college was amended so as to have the Board of Directors of the Mountain Retreat Association appoint the college Trustees.

In 1933, Montreat Normal School was reorganized as Montreat Junior College. At this time special emphasis was placed upon the growth of the college.

On Tuesday, April 3, 1945, at a meeting of the Board of Trustees of Montreat College, it was unanimously agreed to make Montreat a four-year college. The junior year was added in September, 1945, and the senior year was added in September, 1946.

AFFILIATION

Montreat College is a member of the North Carolina Conference of Church-related Colleges, The North Carolina College Conference, and the Presbyterian Educational Association of the South.

THE LOCATION

Montreat College is located at Montreat, North Carolina. Situated in the heart of the Blue Ridge Mountains, it is one of the most picturesque spots in America. Montreat is the home of the Presbyterian Church, U.S., almost exactly in the center of the population of the Church. Its health conditions and its climate are unexcelled. Montreat is near enough to Asheville to have all the advantages of the city when desired, and at the same time it has the quiet protection, seclusion, and grandeur of the mountains unspoiled by modern commerce.

Assembly Inn is open the year round, and the College frequntly has its formal banquets, receptions, and parties there. A number of the faculty members have rooms at the Inn. Parents and other guests will find comfortable accommodations there. The Inn is a unique and beautiful hotel. It is built of Montreat gray stone on the exterior and colorful mica-flint on the interior. The floors are of variegated marble. The building contains one hundred and thirty rooms.

SUMMER CONFERENCES

Approximately 30,000 people visit Montreat during the summer season. Summer conferences afford opportunities for these people to become acquainted with the leaders and activities of the Church and to hear the finest speakers, lecturers, and preachers of the world.

CAMPUS

Montreat College has a beautiful campus extending over many acres and comprising a landscape of rare beauty, in the center of which is Lake Susan. Mountain tops attract

groups of hikers; rhododendron-bordered streams entice picnic groups; while the Auditorium lawn with its beautiful shrubs forms a charming setting for the May Day festivities.

BUILDINGS AND EQUIPMENT

GAITHER HALL is the College Administration Building. Besides the administration offices, this building has classrooms, a library, a chapel, and science laboratories. The building is of native rock, and the downstairs floors are of variegated marble. The hall, the stairways, the library, and the chapel are of mica-flint and granite. It is a gift of Mrs. R. C. Anderson to the College in the year 1935. It is a splendidly built and equipped College Administration Building.

THE HISTORICAL FOUNDATION of the Presbyterian and Reformed Churches, which is located at Montreat, affords an unusual opportunity to students of the College for academic and cultural development. The institution consists of a Library (30,000 volumes, 25,000 pamphlets, and 13,000 pictures), a Museum (objects depicting Presbyterian history), and Archives (4,700 volumes of minutes of church bodies. The Foundation is widely known in higher educational circles of the United States and Scotland, having attracted students from thirty different universities and graduate schools by its facilities for research.

The study of the Holy Scriptures is illumined through contact with such historic Bibles as a Vulgate of 1478, "Matthew's Bible" (1537), a first edition of the Genevan Version (1560), the twelve-language New Testament Polygot of 1599, and the King James of 1611.

The constantly growing 700-volume manuscript History of Churches and Woman's Work in the Presbyterian Church in the United States supplies students of history with an opportunity to learn at first hand how one of the world's great denominational histories is being written and compiled. Dr. T. H. Spence is Director.

THE MONTREAT COLLEGE LIBRARY, including the Cora A. Stone Memorial Library, is one of the most charming and spacious rooms in Gaither Hall. The Library has 15,500 volumes, exclusive of unbound pamphlets. Eighty-five periodicals are received. Its location and equipment make the Library an ideal place for study and reference work as well as for leisure-time reading. The Library is open from 8:30 A.M. until 9:30 P.M. every day except Sunday.

THE AUDITORIUM is built of native stone and has modern equipment. Its large auditorium will seat over 3,500 people. In addition there are fifteen classrooms, four practice rooms, and an assembly room.

THE GYMNASIUM is a stone building. It is equipped for various games, such as basketball and volleyball. In one corner is a fireplace which is convenient for picnic suppers in bad weather. The Physical Education classes are conducted here. In addition to this there are outdoor tennis courts, and a soccer and baseball field. Lake Susan provides an opportunity in the early fall and late spring for swimming and boating.

THE COLLEGE INFIRMARY is built of Montreat gray sandstone and of variegated mica-flint. It has fourteen rooms and three baths and can accommodate forty people.

THE CROSBY ADAMS FINE ARTS BUILDING was purchased in December of 1948. It is an attractive eighteen-room structure. This building houses the Music and Art Departments, and the Minnie Cooper Wall Memorial Art Gallery, and the Adams Memorial Studio Museum.

DORMITORIES

THE WORLD FELLOWSHIP BUILDING, constructed in 1937, was made possible by the Birthday Gift of the Woman's Auxiliary of the Presbyterian Church, U. S. It is constructed of native stone; the walls of the living room and stairways are built of mica-flint, granite, sandstone, and other beautiful rock. The floors are constructed of inlaid variegated marble. There are forty bedrooms, all furnished with

single beds. This building may be used as a dormitory for seventy girls during the school term and for the women attending the Montreat Conferences during the summer season.

Lookout Lodge is a small dormitory, accommodating thirty-six students. It is at a distance of about one city block from Gaither Hall.

College Hall is built of Montreat gray sandstone with a roof of Dresden interlocking shale tile. It has a large living room with an interior finish of variegated mica-flint. There are fifty-three bedrooms, forty-eight of which have connecting baths. This building will accommodate one hundred and six girls.

Howerton Hall has been built to replace the Alba Hotel. The living room is large and attractive. Each bedroom has a private or adjoining bath, and there is a spacious and well-equipped recreation room. The building is of native stone and unusual in its architecture. It is our largest dormitory.

RELIGIOUS LIFE

It is the desire of the College to create such a Christian atmosphere as will be conducive to the continuous Christian growth in the individual. Bible courses form an essential part of the curriculum. Regular attendance at Sunday School, church, vespers, and daily chapel is required.

Several student religious groups help develop the spiritual growth of the girls, the Student Christian Association, the Life Service group, and the Prayer Bands. The participation of all students in some religious activity is encouraged.

SOCIAL LIFE

The social life of the College centers in part around the student organizations. Departmental clubs and class organizations provide varied activities, but, in addition, the school as a whole sponsors parties, outings, and programs throughout the year. In the fall and in the spring, special week ends with picnics and parties are planned for dates from neighboring colleges, but every week end is acceptable for dates

if the student desires.

Thanksgiving Banquet, the Christmas Party, the George Washington Party, the Junior-Senior Banquet, and the May Day Barbecue are special features, as are the music recitals and receptions at intervals during the year.

Asheville is close enough for shopping excursions and for the Civic Music Concerts and the Asheville Community Theater plays. And Black Mountain and Asheville are both available for movies.

HEALTH

No more healthful location could be found for the school than Montreat. Its situation in the mountains of Western North Carolina assures it a delightful climate.

When a student makes application for entrance, she is required to fill out a questionnaire signed by a physician. The school nurse keeps the questionnaire on file. In case of prolonged or special professional service, the expense must be paid by parent or guardian. The Infirmary is in charge of a registered nurse and a resident physician. When students are not well enough to go to the dining room, they must report to the nurse.

The Infirmary is open for emergencies at any time, but students are requested to observe daily clinic hours whenever possible.

Ordinary and minor illnesses are taken care of in the Infirmary. When special hospitalization is necessary, students are sent to Asheville and put under the care of leading physicians there. It is our custom to notify parents as soon as possible if this is necessary.

GENERAL INFORMATION

Room Reservation

Students in residence may submit selection of room to Dean of Students before May 1 and the choice will be accepted when possible. After May 1, rooms will be assigned in order of application of old and new students alike.

A deposit of $10 is required of each student and should be made at the time of reservation. This regular room deposit is applied on the first semester's expenses. If the stu-

dent wishes to reserve a room alone, a fee of an additional $50 is required.

The money for room reservations is not refunded in case the student fails to attend Montreat College, unless the request for the refund is made before August 1.

Bookstore

The Montreat College Bookstore is maintained by the College for the convenience of the students. All school supplies may be obtained here. In addition to school supplies the Bookstore also carries a large line of toilet articles and personal supplies.

The Bookstore is run on a strictly cash basis. Students are expected to pay for books and supplies when purchased. For those who wish to leave money with students, or in the Student Bank, for supplies and books to be purchased at the beginning of the semester, the general estimate of the amount needed is $25.

Laundry

Laundry and dry cleaning may be sent out through one of the work scholarship students.

Laundry rooms in the Dormitory are available for students' use. The College provides a washing machine and drier which may be used for a nominal cost.

Students may bring their own irons, but must leave them with the housemother.

Student Bank

The College has what is known as the Student Bank. Parents may deposit to their daughter's account any amount of money. All checks sent for this purpose must be made out to the student. The office is open every day for students to deposit and withdraw money. There is no additional cost for this service. It is for the convenience of the students and parents. *The College cannot be responsible for money or valuables kept in the students' rooms.*

The college authorities do not permit students to write checks against a parent's account in the home bank unless

approval of the parent is filed in the Student Bank. The College does not accept responsibility in connection with any violation of this regulation.

Incidental Expenses and Allowances

The College strongly advises parents to give their daughters a monthly allowance. Additional funds should be provided at the opening of school for books and supplies. The College is interested in co-operating with the parents in limiting incidental expenses and in giving the students some knowledge of what constitutes wise expenditure.

Mail and Baggage

All mail should be addressed to the students at Montreat College, Montreat, North Carolina. The student calls for her mail at the college postoffice. Express packages must be sent to Montreat College via Black Mountain. The student must arrange through the college office for the delivery of packages from Black Mountain.

Trunks and other baggage will be delivered by the transfer men in Black Mountain at a cost of 75 cents.

How To Reach Montreat

The nearest railroad station is Black Mountain, on the Southern Railway. Get your route as if coming to Asheville, North Carolina, but buy your ticket to Black Mountain, sixteen miles east of Asheville. Black Mountain is easily reached by bus. From Black Mountain an auto line brings one to Montreat at a cost of 50 cents for passengers and 75 cents for trunks.

HOME DEPARTMENT

A Dean of Students, who advises the Cabinet of Student Government Association, supervises all phases of the home life of the students. All permissions of a special nature are granted by her.

In each Dormitory there is a housemother to whom the students may go for advice and from whom they may obtain permissions relating to their everyday dormitory life. The rooms in each Dormitory are comfortably furnished for stu-

dents. Each student should bring for her own use the following articles: bed linen, blankets (two), bedspreads, towels, and small, washable bedside rug. One pillow is furnished for the use of each student. For use in her room she should have a tumbler and a teaspoon.

Each room is supplied with an electric light bulb at the beginning of the year. No electric fixtures of any kind may be used except in places designated. All damage to furniture or buildings will be repaired at the expense of students causing such damage. Each occupant of a room will be held responsible for the care and preservation of it.

Every student should bring with her a pair of walking shoes, galoshes, umbrella, raincoat, and sweater. All articles of clothing should be marked with owner's name.

It is desirable to purchase regulation gymnasium suits, instructions about which will be sent to the student on registration.

Each student is to keep her own room clean and in order.

Each Dormitory has a large, beautifully appointed living room, where the students gather for games. Weekly house meetings are held here. In addition, when the registration permits, each Dormitory affords a date room, a snack room, and a ping-pong room for leisure-time use of the students and their friends. Dormitory life is kept as free and homelike as possible.

The College does not permit smoking, dancing, or card playing.

NOTE TO PARENTS

When a student registers, it is understood that she agrees to abide by the college regulations. The regulations have been made as a result of some need for the well-being of the students.

Students may have "general permission" if it is the wish

of their parents or guardians. This must be in writing and must be sent directly from the parent or guardian to the office of the Dean of Students. Such permission includes receiving callers, riding with friends if mature person is in the group, having young men visitors, accepting invitations to lunch or dinner, and participating in any group activity or trip permitted by the college authorities. The Dean of Students reserves the right, however, to withhold any permission if circumstances arise which make the permission unwise. "General permission" for students includes week-end visits off the campus.

The College reserves the right to ask the withdrawal of any student whose influence is harmful or who is out of harmony with the spirit of the school.

Expenses

Fees paid by the students cover only a part of their instruction and of the operations of the College. Income from endowment and contributions from churches, through their various organizations, alumnae, and other generous men and women meet the balance.

Montreat College is organized and operated on the basis of a full scholastic year as a unit. Therefore all charges listed below are for the full scholastic year and are due and payable in advance, but for the convenience of students, charges may be paid as listed on the following pages. It is necessary that all bills be paid on dates specified.

All students are expected to matriculate for the full scholastic year and must not expect any fees or charges to be remitted on account of irregularity of attendance or change in plans except in cases of serious illness where the college physician advises them to return home.

All checks and money orders should be made payable to MONTREAT COLLEGE, MONTREAT, N. C.

3. The Bookstore is run on a cash basis. It is recommended that parents or guardians deposit $25 in the Student Bank for students to purchase their books. Students are requested not to buy books until they have met their classes.
4. Students are permitted to bring their own radios. The College charges $5 for electricity.
5. The room reservation fee is applied on the college account. It cannot be refunded after August 1.
6. The college will make no refund on account of irregular attendance or change of plans of the student. No money will be refunded on account of absence, withdrawal, or dismissal. For students paying on the monthly payment plan, full charges for the semester will become due and payable as of the date of absence, withdrawal, or dismissal.

SCHOLARSHIPS

A scholarship will be awarded one of the first four graduated in scholastic record at high schools, who also qualify in personality and character.

Twenty-four talent scholarships will be awarded, based on character, personality, leadership, special talents, and financial needs.

Several music scholarships will also be given, based on the student's aptitude for music, seriousness of purpose, and financial needs.

A limited number of work scholarships of $100 and $200 are given at the discretion of the work Scholarship Committee to girls who are well recommended and who are not able to pay the entire amount of the expenses.

The work scholarship requires various types of work, such as dining room work, assisting instructors by typing and grading papers, and working in the office, bookstore, and library. Students are chosen for their work in accordance with their ability to do the work well.

To apply for these scholarships it is necessary to have on file in the College Office at least three satisfactory recommendations and an official transcript of the student's high-school record. Formal application blanks will be sent upon request. In addition to the work scholarships, loans of $50 are made from a loan fund, which is supplemented by money given for this purpose. Employment is given a number of girls in Montreat during the summer months, and this gives to many girls an opportunity to save money for college expenses and at the same time enjoy the Montreat Conferences.

The authorities are convinced that the plan of granting work scholarships and of making loans to be paid back during the summer or after the pupil finishes school is the best method of giving financial assistance.

SOURCES OF FUNDS

A great many very fine and worthy young women need some kind of financial assistance to secure a college education. Montreat earnestly desires to aid as many of these young women as the funds available will permit. We are dependent upon friends of Montreat who want to have a share in this splendid undertaking of providing the finest of Christian education for these young women.

Scholarships are given annually by individuals, Women of the Church, Sunday Schools, Churches, and other organizations. We believe that this number will rapidly increase as knowledge about the Christian education provided at Montreat is more widely known. We are sincerely grateful to all of those who in any way make it possible for Montreat to aid these choice young women as they work to make their way through college.

CHAPEL ATTENDANCE

Chapel exercises are regarded as an essential part of college work, and attendance is required of all students on the same basis as regular classes.

TRANSCRIPTS

The College furnishes to the State Department of Education free of charge all necessary reports concerning credits for certificates. One complete transcript, likewise, will be sent upon request to another institution. A charge of $1 will be made for each additional transcript sent out from the office. Under no circumstances, however, does the College send out official records to individuals, but only to other colleges, or to institutions generally recognized as properly handling them.

HONORS

Honor certificates are awarded at commencement to those students who meet the following requirements: receive an average grade of B on each subject each semester, with no term or examination below C (the B grade cannot be an average of two B's and a C); receive not more than five majors a semester. Minimum requirements in Physical Education must be satisfactorily met for honor awards.

Scholarship pins are awarded to those who are entitled to honor certificates for at least three college years, one of which must be the Senior Year.

Academic Department Of The College

Admission To College

The College admits students as freshmen, as Junior College graduates, or as transfer students with advanced standing credit. The College also admits special students.

Realizing that there is a vital need of people in all professions and vocations to have a basic knowledge and concept of the Bible and its teachings in order to live an abundant Christian life, and that the Christian college must assume its role in vocational training programs, Montreat College proposes to assume this responsibility.

Through an atmosphere and a course of study which are Christ centered, Bible centered, Church centered, a curricular program that consists of two years of sound basic academic studies, and two years of vocational training designed to develop the whole student—spiritually, mentally, socially, and physically—is offered.

FRESHMEN

The candidate must have completed successfully a four-year course in an accredited high school. Candidates from non-accredited high schools are received only by examination.

Candidates for admission are asked to carry out the instructions stated below:

1. Write to College Registrar for application blank and physician's statement. Every application must be accompanied by a $10 room reservation fee to which $15 must be added by August first.

2. An official transcript of high school credits must be sent from the principal's office; he may use his own transcript blank, or the college will send one upon request.

3. The following recommendations must be mailed to Montreat College:

a. From principal of high school in regard to applicant's scholastic ability and character.
b. From pastor of church in regard to character and personality.
c. General recommendation in regard to character and ability, preferably from one who is familiar with the standards and ideals of Montreat College.

Candidates must present 16 units from an accredited high school.

JUNIOR COLLEGE GRADUATES

Candidates who are graduates of an accredited Junior College will be accepted with full standing. These candidates for admission must follow the instructions stated below:

1. Write to College Registrar for application blank and physician's statement. Every application must be accompanied by a $10 room reservation fee.
2. An official transcript of junior college credits, including entrance credits, must be sent directly to the Montreat College office.
3. A recommendation from a college official must be included with the transcript.
4. A catalogue of the college attended must also be sent to the Dean of the Faculty.

TRANSFER STUDENTS WITH ADVANCE STANDING

Students who wish to transfer from other colleges *must have a statement of honorable dismissal from the college attended.* In addition to this, they follow the same instructions as stated for Junior College graduates.

SPECIAL STUDENTS

Students not living in the dormitories may be admitted to special courses in the college. Entrance requirements will vary according to the individual's purpose in taking the course. A personal interview with the Dean of the Faculty is required.

GENERAL REQUIREMENTS FOR GRADUATION

The College offers courses leading to a Bachelor of Arts and a Bachelor of Science Degree. After completing successfully the first two years of basic academic studies, the student spends the last two years in special vocational training in the following five areas:

I Bible and Christian Education

A. Church Worker

B. Church Secretary

C. Church Musician

II Business and Secretarial Administration

III Music (Possibility of specializing in Sacred Music)

IV Pre-professional Training in Nursing and Laboratory Technician

V Teacher Training

A. Elementary Education

B. Secondary Education

General requirements for the degree are (1) The completion of 122 semester hours of academic work, (2) four semester hours of Physical Education.

ACADEMIC REQUIREMENTS

GRADING SYSTEM AND CREDITS

The grading system is as follows:

A—Excellent

B—Good

C—Average

D—Passing

E—Denotes that the work has been unsatisfactory and that a condition has been incurred. A grade of E automatically becomes F unless the deficency is removed during the following semester in which the student is enrolled.

F—Failure without privilege of re-examination.

I—Incomplete. Work that is incomplete when report card is issued because of unavoidable occurrence, as illness. Work must be made up by a stated time; otherwise the student's grade becomes an F.

NOTE: Physical Education Theory Courses—same as preceding page.

Physical Education Activity courses:

A—Excellent

B—Good

C—Passing (Average)

Inc.—Incomplete

A student may receive a grade of incomplete: (1) if for any reason, illness or otherwise, she is unable to take an active part in the program for a reasonable percentage of the total number of class periods during the grading period. (2) if her motor ability warrants recommendation by the instructor that she should enroll in additional classes before meeting the minimum requirements in physical education.

An incomplete grade on semester work may be removed by repeating the course or by satisfactorily completing an additional activity course recommended by the instructor.

A fee of $1.00 is charged for each re-examination and must be paid at the business office before re-examination can be taken. Exceptions are made only in cases of illness. Re-examinations must be taken when scheduled.

The Semester Hour is the unit of credit. Each course successfully completed entitles a student to as many semester hours' credit as the number of hours of recitation a week. A minimum of 122 semester hours of academic work is required for graduation.

A grade of 70 percent is required on all work for passing. All students must maintain that standard of morality and character consistent with the ideals of the school and *must spend the senior year in residence.*

If a student drops a course which she is not passing, she automatically receives a grade of F. A student who drops a course even though she is making a passing grade automatically receives a grade of F unless the Dean of the Faculty recommends otherwise.

A report of the student's work is mailed to the parent or guardian at the end of each nine weeks' term. A copy is sent also to the student.

The school reserves the right to exclude at any time a student whose academic standing is unsatisfactory.

No student will be allowed to change her course or drop a subject without permission from the Dean of the Faculty.

The faculty reserves the right to offer no class for fewer than five students.

QUALITY POINTS

A minimum of 126 quality points is required for graduation. In estimating quality points the following system is used:

1 semester hour with Grade A counts 3 points.
1 semester hour with Grade B counts 2 points.
1 semester hour with Grade C counts 1 point.

CLASSIFICATION OF STUDENTS

The class standing of a student is determined by the number of semester hours of work completed.

Sophomore Class_____30 semester hours
Junior Class _____ 60 semester hours
Senior Class_____90 semester hours

ABSENCES

All excuses for absences of resident students from the campus must be approved by the Dean of Students.

All excuses for absences from classes must be approved by the Dean of the Faculty.

It is expected that students will not be absent without just cause. The responsibility for any work missed because of absence rests entirely upon the student.

In so far as absence affects a student's general standing in a course, the instructor concerned may use her judgment in reducing the student's grade, or in requiring her to make up work. See Student Handbook for detailed information.

WITHDRAWAL FROM THE COLLEGE

Formal withdrawal from the College is arranged through the office of the Registrar and must then be approved by the Dean of Students. Such withdrawal becomes effective only when the completed application is filed in the office of the Registrar.

NURSING

The College, in conjunction with Memorial Mission Hospital of Western North Carolina, Inc., of Asheville, North Carolina, offers a five-year course leading to a Bachelor of Science degree and Diploma in Nursing. This course would meet full academic and nursing requirements, preparing the graduate for executive and suprevisory positions in the nursing field. It is designed to equip nurses with a high type of professional training and with an enriched cultural background.

The student who wishes to pursue this course should inform the Dean of the College of her plans when she enrolls as a Freshman. The courses of study which she will take during her two years of college work will be determined by the Faculty Committee on Nursing Education.

A total of sixty semester hours of credit toward a Bachelor of Science degree is assigned to the courses carried in the Hospital School of Nursing.

MUSIC

General Music

The Department of Music provides instruction for students who are candidates for the degree of Bachelor of Science with a major in Music, and for students desiring to study music as a cultural element.

Church Music Emphasis

In addition to provision for a thorough foundation in the field of general music, the Department of Music gives emphasis to the professional training of students who plan to serve in the specialized field of Church Music as soloists, choral directors, or church organists.

In its relationship to the Church, music is studied from the individual viewpoint of the performer, the minister, and the congregation. The preparation of the student embraces not only the thorough artistic development of vocal, instrumental, and choral skills, but, in addition seeks to relate these skills to the distinctive needs and purposes of the Protestant Church and specifically, to Protestant Church worship.

Music Scholarships

A limited number of scholarships are available to students majoring in the field of music. In granting these scholarships, consideration is given to the student's financial need, to recommendations by persons qualified to judge the applicant's seriousness of purpose and potential capacity for leadership, and to the applicant's demonstrated aptitudes in the music field.

The annual value of these scholarships is $100. Students applying will be considered in the order of their applications.

Student Activities

PUBLICATIONS

The *Montreat College Catalogue* is published yearly and contains general information regarding the development and growth of Montreat College, together with official announcements. *Montreat College View Book* contains views of the campus and buildings and snapshots of the girls. Copies of both of these are sent free upon request.

The *Student Handbook* is published once a year. This contains information needed by the student. After a student has made formal application for admission to the College and has been accepted, a copy of the Handbook is sent to her. This contains the rules regarding dormitory and social life. This booklet is published by the Cabinet of the Student Government Association and Deans.

The *Sun Dial,* which is the college annual, is issued in May. It is edited and published by a staff elected from the student body.

The Dialette is a monthly paper edited and published by the students.

STUDENT ACTIVITIES FEE

The Student Activity Fee is used for *Sun Dial, Dialette,* Athletic Department, entertainments, and various other student activities. This is payable in the Business Office on registering.

Montreat College Chorus

The chorus is composed of 30 select voices. In addition to a series of local concerts, the chorus presents concerts in nearby communities, and usually makes an extensive tour during the spring. Open to all students.

Government

Upon matriculation, all students become members of the Student Government Association. The regulations govern-

ing the social life of the school are made by the Student Cabinet and the Dean of Students. As much freedom to the individual is given as is compatible with high standards in work and conduct. The purpose of this plan is to build character through activity, establishing the habit of co-operation and self control.

Student Christian Association

The Student Christian Association is a student organization for the purpose of enriching the spiritual life of the student and developing Christian leadership. All college students are members of this group.

The programs place emphasis on stimulating and worshipful Sunday evening vesper services and foster interest in all phases of the work of the Church, thus affording opportunity to each student for experience in planning and participating in group study and worship.

The Life Service Group

The Life Service Group is composed of students who are definitely considering service in Home or Foreign Missions or in some other field of *full*-time Christian work. The presence of missionaries, retired or on furlough, who live within the Montreat Grounds, enables the Group to have many inspirational speakers.

Prayer Groups

Prayer Groups are voluntary groups of girls who meet twice a week in each dormitory for fifteen minutes of devotions and inspirational discussion. These groups are under student leadership.

The Athletic Association

The College Athletic Association is a student organization, which together with the Faculty Committee on Athletics, controls the athletic activities of the College. The purpose of this organization is to create interest, to develop physical efficiency, and to encourage wholesome play and sportsmanship in all recreational activities, such as soccer, basketball, baseball, volleyball, hiking, tennis, and individual recreational sports.

The "M" Club is the Monogram Club, which is the honorary organization on the campus.

THE MUSIC CLUB

The Music Club is composed of students taking piano or voice. The purpose of the club is to instill in the students a deeper appreciation of music and to furnish opportunities for participation in musical programs, consisting of instrumental and vocal numbers. Any who are not studying music may join as associate members.

THE LYDIAN CLUB

The Lydian Club is the student organization of the Business Education Department. Its purpose is to give to its members both "educational fun" and programs which awaken the students to real standards and activities in business life. Trips are taken to business centers; outside speakers are invited to address the club.

KAPPA PI BETA CLUB

The Kappa Pi Beta Club is the college literary club, membership in which is granted upon presentation and approval of some original story, poem, or essay. The object of this organization is to encourage the appreciation of good literature and the development of creative work on the part of its members.

THE THALIANS

College students interested in acting and stage technique will be given an opportunity to join the Thalians. Through discussions of the history of the theatre, and the use of Drama in the Church and school, and through the presentation of various plays during the year, valuable experience and knowledge is given the student.

THE COLLEGIATE COUNCIL FOR THE UNITED NATIONS is an intercollegiate organization formed for the purpose of stimulating an understanding on the campus of the aim, scope, and functions of the United Nations, and to give expression to student opinion on the United Nations through co-operation with state, regional, and national councils for the United Nations.
